New Accounts: Service calls within 15 days of sign up are not covered

This agreement covers labor for annual "Planned Service" and for emergency repairs during regular business hours. Under this agreement you will be charged for materials less 10%. This agreement does not cover equipment cabinetry, duct work, zone dampers, non-visible refrigerant leaks or their repair, equipment replacement and/or modifications, electrical or plumbing beyond equipment proper, and does not cover problems beyond normal "wear and tear". Labor after normal business hours (nights and weekends) will be billed at normal labor rates. Service after normal business hours are available during the heating season only. Flynn Aire reserves the right to terminate this agreement if any balances go unpaid. All equipment is subject to inspection prior to issuing this agreement. Service agreement customers are always given priority. If you smell gas, call National Grid at 1-800-GAS-2001 or 911. In the event any legal action needs to be taken, the home owner will be held responsible for all expenses.
